

David Eyerman

List of Publications

1997

- PLTE: DB2 Universal Database: Internet Enablement with Java and Net.Data

1998

- DB2 and Business Intelligence Technical Conference: DB2 Internet Applications with JDBC and Net.Data
- DB2 and Business Intelligence Technical Conference: Developing Applications with the DB2 Extenders
- IDUG North America: DB2 Internet Applications with JDBC and Net.Data
- IDUG Europe: DB2 Internet Applications with JDBC and Net.Data
- IDUG Asia: DB2 Internet Applications with JDBC and Net.Data
- Class creation: DB2 Universal Database v5

1999

- DB2 and Business Intelligence Technical Conference: Data Warehousing Net.-Commerce Data for a Customer Care Application
- DB2 and Business Intelligence Technical Conference: DB2 UDB Automatic Summary Tables
- IDUG North America: The Creation and Care of DB2 Extender Applications
- PLTE: Visual Warehouse Solution and Lab
- PLTE EMEA: Visual Warehouse Solution and Lab
- Solutions 1999: DB2 Universal Database Application Development using Java
- Solutions 1999: e-business Customer Care using Net.Commerce and Visual Warehouse
- Class creation: DB2 Universal Database with Java
- Class creation: Visual Warehouse/DB2 OLAP Server Business Partner Class
- Class creation: Visual Warehouse/DB2 OLAP Server Business Partner Class
- Class creation: DB2 Universal Database for Intel and UNIX Version 6 Transition

2000

- IDUG North America: DB2 UDB Automatic Summary Tables
- IDUG North America: DB2 Performance Tuning: Tales from the Front

- IDUG Europe: DB2 UDB Automatic Summary Tables
- IDUG Europe: DB2 Performance Tuning: Tales from the Front
- IDUG Asia: DB2 UDB Automatic Summary Tables
- IDUG Asia: DB2 Performance Tuning: Tales from the Front
- PLTE: DB2 UDB v7.1 Data Warehousing

2001

- Content Manager Technical Conference: So Just What is this "WebSphere Portal Server"?
- DB2 and Business Intelligence Technical Conference: Portals with DB2 and WebSphere Portal Server
- IDUG North America: Portals with DB2 and WebSphere Portal Server
- PLTE: Unravel the Mysteries of DB2 UDB for UNIX and Windows Performance Tuning
- PLTE EMEA: Unravel the Mysteries of DB2 UDB for UNIX and Windows Performance Tuning
- Solutions 2001: Fabricating Portals with WebSphere Portal Server
- WebSphere Technical Conference: Building Portals with WebSphere Portal Server
- WebSphere Technical Conference: A Technical Overview of WebSphere Portal Server
- Class creation: WebSphere Portal Server v1.1.1 Training Class
- Class creation: WebSphere Portal Server v1.2 Training Session

2002

- Content Manager Technical Conference: A Technical Overview of WebSphere Portal
- Content Manager Technical Conference: Creating Content Management Portlets for WebSphere Portal
- eBU: WebSphere Portal Technical Overview
- eBU: Fabricating Portals with WebSphere Portal
- PLTE: Producing and Programming Portlets in WebSphere Portal
- PLTE EMEA: Producing and Programming Portlets in WebSphere Portal
- WebSphere Technical Conference: Creating Collaborative Portlets for WebSphere Portal
- Paper: IBM WebSphere Portal: Portal Server 24x7 Availability Maintenance Procedures
- Class creation: WebSphere Portal Server v2.1 Training Session
- Class creation: WebSphere Portal Server v4.1 Training Session

2003

- Best Practices Conference: 24x7 Availability Maintenance Procedures for WebSphere Portal
- Best Practices Conference: Portalizing Applications for WebSphere Portal
- Content Manager Technical Conference: 24x7 Availability Maintenance Procedures for WebSphere Portal
- Content Manager Technical Conference: Portalizing Applications for WebSphere Portal
- eBU: Portalizing Applications for WebSphere Portal
- eBU: A Technical Overview and Update on WebSphere Portal
- PLTE: Building an IBM On Demand Workplace Lab with WebSphere Portal
- PLTE: Portal Creation and Configuration - Step 2 and Beyond
- PLTE EMEA: Building an IBM On Demand Workplace Lab with WebSphere Portal
- PLTE EMEA: Portal Creation and Configuration - Step 2 and Beyond
- WebSphere Portal Symposium: 24x7 Availability Maintenance Procedures for WebSphere Portal
- WebSphere Portal Symposium: The Ins and Outs of WebSphere
- Portal v4 and v5 Clustering
- WebSphere Portal Symposium: Portals in Outer Space! How to tune WebSphere Portal over a Satellite Network.
- WebSphere Portal Symposium EMEA: Portalizing Applications for WebSphere Portal
- WebSphere Portal Symposium EMEA: WebSphere Portal 24x7 Maintenance Procedures for WebSphere Portal in a clustered environment
- WebSphere Technical Conference EMEA: 24x7 Availability Maintenance Procedures for WebSphere Portal
- WebSphere Technical Conference EMEA: Portals in Outer Space! How to tune WebSphere Portal over a Satellite Network.

2004

- Content Manager Technical Conference: The Ins and Outs of WebSphere Portal v4 and v5 Clustering
- Content Manager Technical Conference: WebSphere Portal in a Production Environment - *The Operations Side*
- Content Manager Technical Conference: Portal Operational Architectures – The Construction and Maintenance Routines
- Content Manager Technical Conference:
- eBU: WebSphere Portal in a Production Environment - The Operations Side
- Inner Circle: WebSphere Portal in a Production Environment - *The Operations Side*
- Lotusphere 2004: Getting Started with IBM WebSphere Portal

- LSM Seminar 2004: WebSphere Portal in a Production Environment - *The Operations Side*
- WebSphere Portal Symposium: Stuff I wish they told me BEFORE I started setting up this WebSphere Portal Cluster!
- WebSphere Portal Symposium: High Availability Designs and Implementation for WebSphere Portal
- WebSphere Portal Symposium EMEA: The Ins and Outs of WebSphere Portal v4 and v5 Clustering
- WebSphere Portal Symposium EMEA: WebSphere Portal in a Production Environment - *The Operations Side*
- WebSphere Portal Symposium EMEA: Portal Operational Architectures – The Construction and Maintenance Routines
- WebSphere Technical Conference: Stuff I wish they told me BEFORE I started setting up this WebSphere Portal Cluster!
- WebSphere Technical Conference: WebSphere Portal in a Production Environment - *The Operations Side*
- Paper: IBM WebSphere Portal 5.0 24x7 Availability Maintenance Procedures
- Paper: WebSphere Portal High Availability with Data Replication
- Paper: IBM WebSphere Portal 5.0 Procedure for Switching Database Servers

2005

- Best Practices Conference: High Availability Designs and Implementation for WebSphere Portal
- Content Manager Technical Conference: Workplace for Business Controls and Reporting and Compliance: It's Not Just About Sarbanes-Oxley Anymore
- Content Manager Technical Conference: WBCR Installation, Configuration, and Administration *The Care and Feeding Guide*
- Lotusphere 2005: High Availability Designs and Implementation for WebSphere Portal
- Software University: WBCR: New Features, Functionality and Offerings
- WebSphere Portal Symposium: WBCR, Compliance, and the Portal Admin: Lessons Learned in the Management of Portal Applications.
- WebSphere Portal Symposium: Database Tuning for the Portal Administrator: You are The One
- Redbook: WebSphere Portal V5.0 Production Deployment and Operations Guide
- Paper: Workplace for Business Controls and Reporting v2.5 Installation Guide
- Paper: Workplace for Business Controls and Reporting v2.5.1 Installation Guide
- Paper: WBCR v2.5 Administration Procedures
- Paper: WBCR v2.5 Installation Best Practices in a Production Environment
- Paper: WBCR v2.5 Overview
- Class creation: WBCR v2.5 Functional Training

2006

- Best Practices Conference: DB2 Tuning for the Portal Administrator: You are The One
- Lotusphere 2006: WBCR Installation, Configuration, and Administration: The Care and Feeding Guide
- Software University 2006: DB2 Tuning for the Portal Administrator: You are The One
- Software University 2006: IBM Workplace Business Controls and Reporting: New Features and Functions
- Paper: IBM DB2 Content Manager Version 8.2 Migration from CM V8.2 Windows to CM V8.2 Windows
- WebSphere Portal Technical Conference EMEA 2006: An Introduction to IBM Workplace for SAP Software
- WebSphere Portal Technical Conference US 2006: An Introduction to IBM Workplace for SAP Software

2007

- Best Practices Conference: Building SOA Compliant Dashboards by Integrating SAP, Oracle, and other Enterprise Applications

2008

- WebSphere Portal Technical Conference U.S. 2008: High Availability Designs and Implementation for WebSphere Portal

2009

- ISSL Symposium 2009: IBM WebSphere Portal 6.1 Operational Architectures and Procedures
- IMPACT 2009: High Availability Designs and Implementation for WebSphere Portal
- IMPACT 2009: Portal Operational Architectures: Construction and Maintenance Procedures
- ISSL EMEA Virtual Symposium: High Availability Designs for WebSphere Portal
- ISSL EMEA Virtual Symposium: "Now tell me how to get all of this Lotus Software to work together!" - a presentation on integration of Lotus Software.
- WebSphere Portal Technical Conference 2009 – Americas: High Availability Designs and Implementation for WebSphere Portal
- WebSphere Portal Technical Conference 2009 – Americas: (Lab) IBM WebSphere Portal Performance Analysis and Troubleshooting with Denny Pichardo
- WebSphere Portal Technical Conference 2009 – EMEA: High Availability Designs and Implementation for WebSphere Portal
- WebSphere Portal Technical Conference 2009 – EMEA: Best Practices: Designing Application Architectures and Maintenance Operations for WebSphere Portal

- WebSphere Portal Technical Conference 2009 – EMEA: (Lab) IBM WebSphere Portal Performance Analysis and Troubleshooting with Denny Pichardo

2010

- Lotusphere 2010: WEB217: IBM WebSphere Portal 6.1 Performance Fundamentals and Best Practices with Denny Pichardo
- Portal Excellence Conference 2010 Americas: The 7 Habits of Highly Available Portals
- Portal Excellence Conference 2010 EMEA: The 7 Habits of Highly Available Portals
- Portal Excellence Conference 2010 EMEA: Hands on lab: WebSphere Portal Performance Analysis & Troubleshooting
- 2010 Accelerated Value Program Seminar: High Availability Designs and Implementation with IBM WebSphere Portal
- 2010 Accelerated Value Program Seminar: Performance Tuning of WebSphere Portal

2011

- Exceptional Web Experience 2011 Americas: Let's go farming! A Practical Guide to Sowing and Growing a Portal Farm with Kamal Satuluru
- Exceptional Web Experience 2011 EMEA: What's New with High Availability Designs and Implementation with WebSphere Portal

2012

- Lotusphere 2012: WebSphere Portal Operations Architecture -Technical Deep Dive
- Exceptional Web Experience Conference – Americas
 - WebSphere Portal Operations Architecture -Technical Deep Dive (delivered twice)
 - Happily Cohabiting: Achieving a Multi-tenant Portal (delivered twice)
 - What's New with High Availability Designs and Implementation with WebSphere Portal
- Exceptional Web Experience Conference – EMEA
 - A Practical Guide to Sharing and Reusing Social Portal Components
 - Happily Cohabiting: Achieving a Multi-tenant Portal (delivered twice)
 - What's New with High Availability Designs and Implementation with WebSphere Portal (delivered twice)

2013

- Connect 2013
 - WebSphere Portal Operations Architecture -Technical Deep Dive
 - Happily Cohabiting: Achieving a Multi-tenant Portal
- Exceptional Web Experience Conference – Americas
 - WebSphere Portal Operations Architecture -Technical Deep Dive (delivered twice)
 - Happily Cohabiting: Achieving a Multi-tenant Portal (delivered twice)
- Exceptional Web Experience Conference – EMEA

- Happily Cohabiting: Achieving a Multi-tenant Portal
- WebSphere Portal Operations Architecture -Technical Deep Dive
- The New 7 Habits of Highly Available Exceptional Web Experiences
- The Commerce Portal: How to Successfully Integrate WebSphere Commerce and WebSphere Portal
- Release Builder and XMLAccess deployment processes for IBM WebSphere Portal V7 and V8

2014

Connect 2014

- Successfully Integrate IBM WebSphere Commerce, IBM WebSphere Portal and IBM Web Content Manager
- Building IBM Exceptional Digital Experience Solution Operational Architectures

IBM AoT Non-Functional Requirements (NFR) Best Practices Exchange

- The 7 Habits of Highly Available Exceptional Web Experiences

Exceptional Digital Experience Conference – Americas

- IBM Digital Experience Solution Operational Architectures
- Call the Movers: A Practical Guide for Moving a Portal to the Cloud

Exceptional Digital Experience Conference – EMEA

- IBM Digital Experience Solution Operational Architectures
- IBM Exceptional Digital Experience Solution Operational Architectures Part 2
- Simplifying multi-site digital experiences: Multi-tenancy for the rest of us
- Congratulations It's Twins! How to Handle Two Active Exceptional Digital Experiences

2015

Exceptional Digital Experience Conference – Americas

- IBM Digital Experience Solution Architectures and Operations
- Congratulations It's Twins! How to Handle Two Active Exceptional Digital Experiences

Exceptional Digital Experience Conference – EMEA

- IBM Digital Experience Solution Operational Architectures
- What's new with High Availability Designs and Implementation for IBM Exceptional Digital Experience
- "What is the best way to deploy all these Digital Experience artifacts?"
